

ValeVets2U from Vale Veterinary Group

A PROBLEM GETTING OUT?

LET US COME TO YOU!

The **Vale Veterinary Group** has introduced a new home visit service in the Wyre Forest for Kidderminster, Stourport and Bewdley pets. Cats, dogs, rabbits and others who hate that stressful journey to the vets or are unhappy in the waiting room can now receive veterinary attention in their own homes.

The Vale Veterinary Group has a purpose built van for home visits which can also be used to transport pets to and from the surgery should treatment be required that cannot be carried out in the home .

We aim to offer a personal service with a vet and nurse visiting our patients in their own home at our clients' convenience and we hope to provide this for less than the cost of a taxi ride to and from the vets.

Examples of services offered (but not limited to)

- * Consultations
- * Vaccinations & Health Checks
- * Pet Passports & certification
- * Compassionate home euthanasia
- * Nail clipping
